

NEP Students (Naval Experience Program) February 21, 2026

Good afternoon,

Yesterday I conducted a tour of The Submarine Room at The Naval Museum of Halifax for the 1st group of NEP Students (Naval Experience Program). This was the 1st tour that will be conducted every Friday at 0900 for the next five weeks. This is being conducted through the Canadian Submarine Force & HMCS Windsor.

I have included three pictures taken by Chris Assuncao (SAOC(E)) Member who is involved in the project during the tour.

The Canadian Submarine Force & HMCS Windsor would like SAOC(E) to participate in this project. I am looking for 2,3 or 4 Veteran Submariners to attend next Friday morning at the Naval Museum of Halifax at 0900. Once the tour is conducted then there is a Q & A session with the Students and SAOC Members.

The next event tour is on Friday the 27th of February 2026 at 0900 at The Naval Museum of Halifax.

If you are interested in participating in this project send Brian Lapierre an email. Dress is casual but experience is paramount. That is what we are looking for.

Thanks. Hope to see you come out.

Regards

NEP Students (Naval Experience Program) February 27, 2026

Good afternoon,

Well it was another successful day giving a tour to the latest NEP Students. It went very well and I would like to thank SAOC(E) Members Jim Northrup, Wade Berglund, Andy Lovasi, Ron Cooper and Ken McMillan, and with all of their vast submarine experience which made the Q & A very interesting. I think the Students enjoyed it and hopefully we gave them positive vibes from Veteran Submariners to the next generation of future Submariners.

Thanks to Wade Berglund for bringing in his show & tell items. The students were suitably impressed and it just showed how experience and longevity pays off.

The pictures from Week 1 and Week 2, Andy Lovasi has put them on the website for you to view. I am sure Andy will be sending out an email as well.

I have attached pictures of Wade's Quilts.

Thanks again to all who participated in this week's tour. It was very much appreciated.

The next tour will be conducted on Friday March 6th at the Museum at 0900. Jim Northrup will be conducting this tour.

Thank you to Andy Lovasi, Jeff Cameron, Brian Cooper, Wade Berglund, Scott Parsons, Ken McMillan & Larry Hickey, Jim Northrup & myself for participating in the Q&A session at the end.
